

September 11th, 2013

To Parents/Guardians:

We are very fortunate to have a fabulous computer lab at George Pringle. Teachers will be using programs that have sound and therefore students will need headphones. We would like each student to bring a pair of headphones to school that will be kept here to use throughout the year. Individual headphones are required for hygienic reasons.

If your child does not have headphones at home to bring to school, local Dollar stores have headphones to purchase at a cost of \$2 to \$3 each. If you have any questions or concerns regarding the purchase of headphones, please contact Mr. McMahon or Mrs. Anjos.

Thank you for your help with this initiative. Please have headphones in to your classroom teacher by Friday, September 20th, 2013.
